HOW TO SETUP A BINANCE ACCOUNT

by **Homegrown Investments**

STEP ONE: OPENING A BINANCE ACCOUNT

I have a separate email, for safety.I suggest you do the same.
Opening an account.

1. Use any of these exchanges for onboarding purposes

a. www.crypto.com
b. www.coinbase.com
c. https://gemini.com

2. Sign up for Binance using this link We bothget 10% off trading fees.
(Binance US does not let you trade futures, this is why we are opening an account on Binance.com). To bypass the regional restriction,I use a VPN. Earth VPN on google chrome is free. If the referral link doesn't work you can use the

Code: **OWTUOTIX**

LINK: **https://www.binance.com/en/register?ref=OWTUOTIX**

STEP TWO: RECIEVING FUNDS

1. Buy crypto from one of the **exchanges** listed above

2. Go to **Binance.com** and select your wallet.

3. Go to BTC and click on **Deposit.**

4. Copy the **wallet** address.

5. Go where you purchased your crypto, and then paste the address you copied, **send it there.**

6. Once you get your funds that you sent. Go to markets and sell your **BTC into USDT.**

7. This is found under the pairing **BTC/USDT** on the spot market.

8. Simply sell your **BTC into USDT**, and you now have funds to trade with.

STEP THREE: GETTING ACCESS TO FUTURES

9. Open your **Binance Futures account** and answer the quiz question.

11. Go to the wallet tab and select **"Transfer"**

12. Now you need to **send your funds** from spot futures.

13. You are now set to trade using Binance and **Binance futures.**

Onboarding describes the process to get your crypto on the **Binance exchange by using another platform.**
